Allowable Subject Matter

Claims 14-26 are pending.

Claims 14-26 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The closest prior art is Pieschel (977) in view of Bernardin (790). Pieschel (US 6,579,977 B1) teaches all the process steps of claims 15. Bernardin teaches phosphorilated and carbamided paper materials. However, both references do not teach or suggest paper or paper like material suitable for making filters as claimed in the instant claims.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
